

BO'NESS HILL CLIMB REVIVAL LTD.

PROVISIONAL SUPPLEMENTARY REGULATIONS AND GENERAL INFORMATION

1st and 2nd September 2018

GENERAL INFORMATION

The Bo'ness Speed Hill Climb meeting comprises two one day events, one on Saturday 1st September and one on Sunday 2nd September.

A) ENTERING EVENT

You can now send an Entry via our website www.bonessrevival.co.uk Please go to the website and follow the links. Alternatively, entry forms can be sent to –

The Competition Secretary BHCR, Billy Cater, c/o 45 Dornford Avenue, Mount Vernon, Glasgow, G329NI

Tel: 07903 508575 e-mail - billy@bonessrevival.co.uk

Entries are accepted for the event from the issue of these regulations.

Refunds will be as specified in the Supplementary Regulations should you be unable to compete at the event. If you have to cancel an entry, please advise the Competition Secretary as soon as possible.

Entries will not be acknowledged unless an email requesting such is sent to: alex@bonessrevival.co.uk

Please note that scrutineering on both Saturday and Sunday will start at 8.15 a.m. and that first practice runs will start at 9.00 a.m. on both days. Competitors must be on site by 8.00 a.m. as the competitor's entry gate is part of the track.

Due to the large public attendance and the various displays it is necessary to operate to a tight time table so early arrival is essential if you wish time to walk the hill then attend the competitors briefing. The paddock is accessible from 12pm onwards on Friday 31st August to allow you to drop off your vehicle and trailer. 24 hour security is in place to secure any cars left onsite.

C) CLASSES

Please check the number of the class you are entering in Appendix I.

Please note that The Bo'ness Hill Climb is primarily for vehicles built before 31 December 1973. Vehicles built after that date but before 31/12/83 may be considered suitable on the invitation of the organisers to run in Class 10. Please contact the Competition Secretary for further information.

D) SHARED ENTRIES

Please mark clearly on entry forms the first and second drivers. The first driver will run in class, the second driver will normally run in the batch preceding.
